

Nature Scavenger Hunt

HP Photo Fun: Nature Scavenger Hunt

Get close

Focus in on small objects and discover a world of tiny details. Use the zoom lens or your digital camera's Macro mode to get these shots:

-  Fluffy yellow pollen in the center of a flower. (10 points)
-  A three-leaf clover growing in the grass. (15 points)
-  Crawly critters—a bug, beetle, bee, or spider (15 points each)

Color your world

Nature provides a beautiful canvas of color. Notice the range of hue in these everyday objects.

-  Soft, billowy white clouds (10 points)
-  Varying shades—photograph three leaves that are all different shades of green (5 points each)
-  Something orange—a flower, a car, or maybe your kitty. . . . (20 points)

Think fast

Your surroundings are full of fast-moving objects. Be ready to click—these targets move quickly. Use your camera's Action mode to get these shots:

-  Two wheels—capture a moving bicyclist or skateboarder . . . (20 points)
-  In flight—snap a photo of a bird as it flies through the sky . . (20 points)
-  Pets are nature too. Photograph a neighborhood dog. (20 points)
